

25th October 2019

Nuformix plc
("Nuformix" or "the Company"),

Statement re. Share Price Movement

Nuformix, the pharmaceutical development company using cocrystal technology to unlock the therapeutic potential of approved small molecule drugs notes the recent share price movement and press reports. It confirms that the Company is in discussion with multiple potential licensees in Japan and Asia, including but not limited to its NXP002 programme.

Discussions are on-going. However, no final agreement has been reached and no guarantees can be provided that the on-going discussions will result in material agreements for the Company. Further update announcements will be made as and when appropriate.

Market Abuse Regulation (MAR) Disclosure. Certain information contained in this announcement would have been deemed inside information for the purposes of Article 7 of Regulation (EU) No 596/2014 until the publication of this announcement via a Regulatory Information Service and accordingly, this inside information is now considered to be in the public domain.

About Nuformix plc www.nuformix.com

Nuformix is a pharmaceutical development company using cocrystal technology to unlock the therapeutic potential of approved small molecule drugs. Nuformix's risk-mitigated development strategy has resulted in a pipeline of discoveries through which it has developed and patented novel cocrystal forms of approved small molecules.

Nuformix's IP portfolio of granted patents covers cocrystal forms of five small molecule drugs. Nuformix is targeting high-value unmet needs with its lead programmes in oncology supportive care: NXP001 and fibrosis: NXP002.

Nuformix was established in Cambridge in 2009 and has invested in pharmaceutical cocrystal R&D, establishing world-class capability and know-how in cocrystal discovery and development, yielding multiple product

opportunities.

Nuformix plc shares are traded on the London Stock Exchange's Official List under the ticker: NFX.L.
